AUTUMN GLOW-UP

Naturally at Home celebrates the warmth of Autumn Splendor!

Home is a special place that reflects Nature in its exquisite design, rhythm, and zest for Life as a whole. Autumn offers the best of Life's colorful panorama, fragrances, and harvest abundance. Savor the beauty, and ease into change.

In this issue, we see change as a gentle glow-up, offer ideas for bringing Nature inside, and leave with a wisp of crisp design. EnJOY!

AUTUMN GLOWS with CHANGE!
How will you embrace this annual seasonal glow-up?

CHANGE IS GOLDEN

GLOWING WITH CHANGE

- Gentle Glow-Up begins Autumn colors, light, and fragrances
- Putting the Garden to Bed means leaf-time with kids, walks with canines, breaks for hot cider and candied apples
- Evenings are for stories around the Fire, dreaming, and music

SEASONAL GLOW-UP

Autumn is when home takes center-stage. Rearrange furniture. Bake bread. Make simple changes. Light fixtures, paint, hardware, seasonal flowers, blankets and pillows can make a huge impact if renovation is not in the budget or time table.

BRINGING NATURE INSIDE

ORGANIC MODERN DESIGN

HOME BEYOND WALLS

Nature comes to Life when an organic modern design is featured. Earthy tones, plentiful natural light, clean lines, the sounds and touches of Nature, fragrances that remind us of Nature's bounty. This is a way to delight the senses and make us feel like Home is so much more expansive than our walls or property boundaries. If you are going to renovate, be sure to check out what the real value vs. cost is for your proposed renovation, or call your trusted realtor!

NATURE BRINGS US HOME

“Bringing Nature Home” or “Extending the Living Space to Outside” is a misnomer. Nature brings *Us* Home, reminding us that we are part of the web of Life, along with trees, water, earth, creatures, mountains, and sky. Whenever we feel at peace with Nature, we ARE Home. So, let the Light in, welcome plants and fresh, organic food and drink. Celebrate the way Nature intended – connect, connect!

Zen Chefery: A kitchen celebrates the circular path of food that nourishes the body and returns to Earth, and the relationships that thrive around a table

Breathe Easy: A living room that soaks in moonlight for easy conversation

Sudsy Tranquility: Who doesn't want to bathe in a place that's fresh and clean and smells like a grove of pines?

Rest Well: Nature lulls us to sleep with gentle waves, starlight, and the beautiful moon. Nighty-night!
